Dear Sir:

The receipt is acknowledged of your letter of the 5th instant, requesting the return of duplicate declaration No. 224, George Fedele Bertaina, to change "George" to "Joseph," a mistake having been made in the translation.

Inasmuch as the name concerns the identity of the person the division believes the matter of such a change should be submitted to the court at the time of the final hearing of the petition which may be filed by Mr. Bertaina. The duplicate copy is not, therefore, being returned. Should the alien file a petition in your court his true name should be shown therein and the matter of discrepancy between the declaration and petition explained to the court for such action as he may deem proper.

NOTICE.

This volume of petitions for naturalization has been prepared for the purpose of admitting of the declaration of intention being pasted to the small sheet or guard in front of the petition. The declaration should be pasted along its right-hand margin so that it will face the petition to which it relates. This notice is pasted to illustrate the method to be followed. This will bring the descriptive matter of both papers before the eye when the book is opened.

The reverse side of the petition has been changed so as to admit of a complete record being made of all actions which the court may take, as well as to provide a space for the entry of marriages and births occurring between the dates of petition and naturalization.

NOTE: This certificate does not purport to verify the landing or admission of this alein. From the investigation made, he arrived in the United States at the time specified, entering without examination under the Immigration Laws. No registry was made at the time of this arrival as he deserted his ship. It is granted solely for the purpose of allowing the alien to file a petition so that the court in which such petition is filed may judicially determine whether the certificate of arrival required by section 4 must be made up from the registration prescribed in section 1 of the naturalization act. This point should be brought to the attention of the court in every case in which it is used.

It is granted solely for the purpose of allowing the alien to file a petition so that the court in which such petition is filed may judicially determine whether the certificate of arrival required by section 4 must be made up from the registration described in section 1 of the naturalization act. August 9, 1913.

Mr. Valentine Haas,

Sacramento, Cal.

Dear Sir;

With further reference to your letter of the 24th ultimo, you are advised that the Bureau has made effort to verify your landing in the United States from the immigration records, but without success.

However, in view of the number of years which have elapsed since the date of your arrival, and the fact that records of alien arrivals were not required to be maintained for naturalization purposes prior to June 29, 1906, it is suggested that you proceed with the filing of your petition for naturalization, giving the facts as completely as possible. It is probable that the court may hold the omission of the name of the vessel on which you arrived immaterial, if in all other respects you are found qualified.

Very truly yours,

Richd K. Campbell

Commissioner of Naturalization.

To the SUPERIOR ~~of California~~ Court of Sacramento County.

The affidavit of Moses Lewis Jones hereby filed, respectfully shows:

FIRST.—On the date indicated immediately below I was informed by the following-named person or persons that I was a citizen of the United States.

My brother, William E. Jones of Carroll Nevada , in about May-11-1911informed me he could find no record of our Father's Naturalization but that the record of his first papers had been found in Louisa County Iowa.We concluded that he had failed to get his last papers.

(Date as near as known.)

(Here state the name or names of affiant's informants, their occupation at the time such information was given, and, if possible, their present address, if known.)

(If the affiant knew he was not a citizen, but believed he could become such without a compliance with the general requirements of the naturalization laws, he should state the steps he thought it necessary to take, and the reason for his impression.)

SECOND.—I continued to believe as above indicated until the date shown below when I became apprised under the following circumstances that my impression was erroneous.

Was informed in May 1911or thereabouts.

(Date.)

THIRD.—I have exercised the following rights or duties of a citizen of the United States:

Have Voted for all officers , State County and Nationalfor over thirty years and served on the Jury in both Criminal and Civil casesfor many years.

(This statement should include dates, and all pertinent facts.) (If the affiant has held public office, served on jury, voted, or proved up on public land, all the particulars should be set forth.)
